

Benefits & Features

Veritas Select Plans

✓ Emergency Roadside Assistance

We pay for the cost of emergency roadside services, including:

- Towing
- Overnight Accommodation
- Storage of Motorcycle
- Flat Tyre Changes
- Running out of Fuel (You are responsible for the Fuel cost)
- Battery Jumpstarts

✓ Nationwide Protection

All of our plans can be used nationwide, so if you are traveling and experience a breakdown, you can rest assured we work with repair facilities and dealerships throughout South Africa.

✓ Transferable Coverage

If you sell your motorcycle, you can transfer the coverage to the new owner, which increases the value of your motorcycle.

**Please refer to your policy documents for full details, terms and conditions that apply.*

All coverage options come with 24 hour roadside assistance.

Costs *WITHOUT* Veritas

Engine	Suspension	Braking System
R50 000	R20 000	R15 000

* Based on 2024 claims cost to replace averages

Motorcycle problems?

Everyone has insurance on their motorcycle to protect them in the event of an accident. However, many people who have accident insurance never use it. On the other hand, nearly every motorcycle will require repairs due to mechanical failures. The cost to replace the engine can exceed **R50 000**.

While these represent the major components, minor parts can still cost anywhere from **R3 000** to **R20 000**.

The question you need to ask is simple: **do you want to pay for these huge repair costs or would you rather someone else pay it for you?** With a Veritas motorcycle protection plan, we pay the costs on covered repairs so you don't have to. The cost of a single covered repair can pay for the entire protection plan!

A mechanical breakdown can be very stressful, not only costing you money, but time. This is why **all our protection plans come with emergency roadside assistance and travel interruption benefits included at no extra cost on covered repairs.**

With a **Veritas protection plan**, you have someone to call if you are ever stranded on the road due to a breakdown.

We provide you with peace of mind, knowing your mechanical problem becomes our problem, and will be sorted.

All of our protection plans are accepted at dealerships and repair facilities throughout South Africa.

Please refer to the claims section of your contract for the necessary steps in the event of a claim.

Protection plans may only be used in South Africa

DELUXE

PREMIER

Engine

All internally lubricated parts; valve covers; intake manifolds; oil pump; fan motor; valves; engine mounts; cylinder head(s); engine block/ crankcase and cylinder barrels if damaged as a result of the Failure of an internally lubricated covered engine component.

Transmission/Gearbox

All internal components including transmission mount and case but excluding clutches. The case is only covered if damaged by the failure of an internal component.

Turbo Charger

Internal parts; vanes; shafts; bearings, bushings, waste gate and housing if damage is caused by a Failure of any of the above covered components.

Drive Train

Driveshaft excluding chain, drivebelts and sprockets.

Suspension

All internally lubricated parts contained within the front fork tubes and front hub; swing arm bearings or bushings; front and rear wheel bearings; frame; swing arm; upper and lower control arms; ball joints; kingpins; bushings and spindle. Front fork tubes and front hub if damaged as a result of the failure of a covered suspension component.

Steering

Upper and lower steering stem bearings and bushing axle; steering stem; handle bar; steering stem nut, rod ends. Steering stem shaft if damaged as a result of the failure of a covered steering component.

Brake System

Brake backing plates; brake hubs; disc rotors; master cylinder assembly; hydraulic lines and fittings; drum brake actuating cam; secured hardware.

Electrical

Alternator; starter assembly; manually operated switches; cooling fan motor; wiring harness; ignition coil(s); rectifier, stator assembly; rotor assembly; CDI control box/electronic ignition control module; magneto; electronic fuel injection control module and voltage regulator.

Fuel system

Petcock; fuel lines and fittings; fuel pump and housing; diaphragms; springs; valves and actuating lever. Mechanical and electrical fuel pumps, injectors, airflow meter, lambda probe, airflow sensor, fuel distributor and fuel pressure regulator, excluding all calibration and serviceable components.

Seals and Gaskets

Seals and gaskets are only covered when required in connection with the replacement or repair of a covered part.

Other Failures
